Event Report 2025-2026

1. **Name of the Event:** World Heritage Day
2. **Date of the Event:** 18/04/2026
3. **Venue:** Thiru Ardhanareeswarar Temple, Tiruchengode
4. **Organised By:** Department of English & SM Volunteers
5. **Beneficiaries Count:** 20
6. **Resource guide:** Rajmohan
7. **Total Volunteers:** 16

Description of the Event:

To commemorate World Heritage Day on April 18, 2026, the Department of English in collaboration with the SM Volunteering Team of K.S. Rangasamy College of Technology organized a significant "Heritage Walk." The chosen destination was the historic Arulmigu Thiru Ardhanareeswarar Temple in Tiruchengode. The primary objective of this visit was to align with the global theme: "Emergency Response for Living Heritage in contexts of Conflicts and Disasters," by fostering a deep appreciation for local cultural landmarks among the youth. A dedicated group comprising 16 student volunteers and 5 faculty members participated in this spiritual and intellectual journey. The highlight of the event was the presence of our esteemed resource person, Mr. Rajmohan. Serving as the lead guide, Mr. Rajmohan shared his profound knowledge of the temple's unique architecture and its significance as a "living heritage" site. His expertise provided the team with a rare opportunity to look beyond the religious aspect and understand the temple as a monument of historical resilience.

Outcome / Impact:

The impact of this heritage walk was profound and multi-faceted. Under the expert guidance of Mr. Rajmohan, the volunteers and staff gained a detailed understanding of the temple's history, dating back centuries. By learning about the intricate stone carvings and the unique deity—representing the union of Shiva Parvati and other gods - the participants developed a heightened sense of cultural identity and pride. The most significant outcome was the shift in perspective regarding heritage conservation. The volunteers didn't just see a monument; they learned about the vulnerabilities of such sites to environmental changes and urban disasters. Mr. Rajmohan's explanations helped the 16 volunteers realize that heritage is not just about the past, but a living entity that requires active protection. This experience empowered the students to become "Heritage Ambassadors," equipped with the knowledge to advocate for the preservation of local history. For the faculty, it served as a practical application of the curriculum, bridging the gap between classroom theory and real-world cultural appreciation.

Conclusion:

The Heritage Walk to Arulmigu Thiru Ardhanareeswarar Temple was a resounding success, serving as a fitting tribute to World Heritage Day 2026. It was more than just a site visit; it was an immersive educational experience that underscored the importance of safeguarding our roots. The session concluded with a deep sense of gratitude toward Mr. Rajmohan, whose storytelling and historical insights made the stones of the temple speak to the modern generation. In conclusion, this initiative by the Department of English and the SM Volunteering Team successfully instilled a sense of responsibility in the participants. By documenting and experiencing the temple's grandeur, the KSRCT team has taken a vital step toward ensuring that this "Living Heritage" remains protected for future generations. The event reinforced the idea that understanding our history is the first step in responding to the challenges that threaten our global cultural fabric. Such excursions are essential in shaping well-rounded, socially conscious students who value the legacy left behind by our ancestors.
